2026-27 DEVELOPMENT SEASON

Why Joseph, why now

At 14, Joseph is already winning above his age group and against adults at club level.

His progression is visible: a first club title at age 10, two more titles in 2024, a regional debut in Cairns in 2025, a Queensland U15 podium in 2026, and POMRC U18 and B Grade success in the same season.

Regular international match exposure is now the largest development need.

Sponsor reporting

Quarterly sponsor report

Tournament entries, draws, results and match record

Development progress against agreed goals

Media coverage and actual digital analytics

Sponsor benefits delivered with evidence

Approved expenditure summary and receipts

Next-quarter calendar, risks and decisions

A sponsor should be able to answer four questions

- 1 Where did the funding go?
- 2 What competition and development took place?
- 3 Which promised assets were delivered?
- 4 What changes in the next quarter?

Reporting protects the athlete, the family and the partner relationship.
